EPIPLEON

ABOUT THE VILLA

6 GUESTS 3 BEDROOMS 3 BATHROOMS

Inside: accommodation at Epipleon is spread over three houses just a few steps from each other. The central main house is an open-concept communal space comprising a kitchen-diner opening out onto an all fresco dining area, and, down a few steps, a comfy sea-view living area looking out over and accessing the pool and hydromassage plunge pool. A shower room completes the accommodation of the main house.

The second and third houses, one on either side of the main house are, in effect, independent bedroom suites. The main suite hosts a double bedroom with en-suite shower room, a small sitting area, a kitchenette and a mezzanine level with twin beds, suitable for children. The other has a double bedroom with en-suite shower room, a single children's bedroom on an open mezzanine level, and a private terrace outside. Both suites have sea views and access to the decked terraces.

Furnishings, fittings and decoration at Epipleon create a light, airy atmosphere that inspires relaxation and repose.

Outside: Epipleon is hidden away in a garden of whispering olive groves overlooking the irresistible blue waters of the Ionian Sea. All the property's outdoor areas are oriented towards this view, so no matter where you are outside, whether you're dining, lounging, floating in the infinity pool or bubbling in the plunge pool, gorgeous vistas abound.

A terrace runs along the front of the property, connecting the three houses, the pool, and the panoramic sitting areas. It serves to bring guests together for convivial dinners under the stars and extends into the leafy gardens, where guests may indulge in peaceful afternoon hammock-naps amidst the shady olive trees. For all fresco dining, guests may choose between a shaded area just outside the kitchen or an area below the pool equipped with barbecue and sink.

Due to the nature of the property including terraces low walls and several drops around the grounds, children must be supervised at all times.

Please note that the sleeping areas on the mezzanine levels are open to the bedrooms below. As such, and bearing in mind their lower ceilings, they are most suitable for children.

Epipleon features a fantastic infinity pool, offering swimmers stunning views while in the pool. There is a drop from the infinity edge so we recommend children are supervised at all times. Please refer to our **general safety page** if you would like more information about infinity pools. There are also some drops around the grounds so we recommend that younger children are supervised by an adult when exploring the property.

EXPLORING THE LOCAL AREA

Epipleon lies in the northwest of **Lefkada**, just two kilometres along a typical mountain road from the little village of Tsoukalades, which is home to a couple of shops and a few tavernas. A short stroll below the house is a gorgeous sandy-pebbly beach.

A 15-minute drive away is the capital, **Lefkada Town**, which has a great buzz in the summer, thanks to its host of restaurants, bars and shops and its marina. A short drive south will take you to the azure waters and **beaches** of Pefkouli, Agios Nikitas, Milos and Kathisma. Inland from Epipleon there is some excellent walking, with mountains rising to over 1,100m, some truly beautiful scenery, and a scattering of unspoilt villages where the way of life remains profoundly connected to the island's ancient traditions and customs.

Lefkada measures 35km from its northern tip to the dramatic white cliffs of Cape Lefkatas in the south and just 15km from east to west. This being the case, it is relatively easy to explore in a week (if you can pull yourselves away from the views and pool of the villa!). At its northern point the island is connected to mainland Greece by a floating bridge and, via frequent ferry services from the ports of Nidri and Vasiliki, to several of the other islands of the lonian archipelago (including nearby **Meganissi**), making it eminently possible to travel further afield.
